

### Internet Connection Wizard

1. En el botón de “Start” seleccione “Control Panel”. Presione “Internet Options”, muevase a la pestaña de “Connections” y allí presione el botón de “Setup”. Usted verá una ventana similar a la siguiente, presione “Next” para continuar.

2. Seleccione la opción de conectarse al Internet y presione “Next” para continuar.

<b>PR WebMasters (PRW.NET)</b>	
PO Box 9111	
San Juan, PR 00908	
Tel.	(787) 723-5000
Fax	(787) 722-6242
Isla	1-866-723-6800
Servicio	(787) 641-9800
Isla	1-866-641-0800

3. Marque la opción de configurar la conexión manualmente y presione “Next” para continuar.

4. Seleccione la opción para conectarse utilizando su modem y presione en “Next” para continuar.

The screenshot shows the 'New Connection Wizard' dialog box with the title 'Internet Connection'. The question is 'How do you want to connect to the Internet?'. There are three radio button options: 'Connect using a dial-up modem' (selected), 'Connect using a broadband connection that requires a user name and password', and 'Connect using a broadband connection that is always on'. Each option has a brief description. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

5. Entre “PRW” como el nombre de la conexión.y oprima “Next” para continuar.

The screenshot shows the 'New Connection Wizard' dialog box with the title 'Connection Name'. The question is 'What is the name of the service that provides your Internet connection?'. Below the question, it says 'Type the name of your ISP in the following box.' and 'ISP Name'. There is a text input field containing 'PRW'. Below the field, it says 'The name you type here will be the name of the connection you are creating.' At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

6. Entre el número de acceso local correspondiente a su localidad (ver la última página para el listado de números). Si reside en el área metropolitana de San Juan utilice el 787-641-9000. Presione “Next” para continuar.

**NOTA: Usted es responsable de determinar el número de acceso local correspondiente a su localidad. PRW.NET no es responsable por cargos de larga distancia.**

The screenshot shows the 'New Connection Wizard' dialog box with the title 'Phone Number to Dial'. The question is 'What is your ISP's phone number?'. Below the question, it says 'Type the phone number below.' and 'Phone number:'. There is an empty text input field. Below the field, it says 'You might need to include a "1" or the area code, or both. If you are not sure you need the extra numbers, dial the phone number on your telephone. If you hear a modem sound, the number dialed is correct.' At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

7. Indique su código de usuario y contraseña según lo indicó en su solicitud. Asegúrese de que las primeras dos marcas de cotejo estén seleccionadas. Oprima "Next" para continuar.

Seleccione "Finish" en la próxima pantalla para concluir la configuración de conexión.

The screenshot shows the 'New Connection Wizard' dialog box with the 'Internet Account Information' step selected. The title bar reads 'New Connection Wizard'. Below the title bar, the text says 'Internet Account Information' and 'You will need an account name and password to sign in to your Internet account.' There is an icon of a hand holding a key. The instructions state: 'Type an ISP account name and password, then write down this information and store it in a safe place. (If you have forgotten an existing account name or password, contact your ISP.)' There are three input fields: 'User name:' with 'username' entered, 'Password:' with five dots, and 'Confirm password:' with five dots. There are three checkboxes: 'Use this account name and password when anyone connects to the Internet from this computer' (checked), 'Make this the default Internet connection' (checked), and 'Turn on Internet Connection Firewall for this connection' (unchecked). At the bottom are three buttons: '< Back', 'Next >', and 'Cancel'.

## Configuración del Email

1. En "Outlook Express" seleccione el menú de "Tools" luego seleccione "Accounts". Muevase al tab de "Mail" y presione en "Add" y luego "Mail".

Entre el nombre que quiera utilizar para el email y presione "Next". Comúnmente se usa el primer nombre y apellido. También puede seleccionar un apodo o su nombre familiar (E.g. Familia Pérez).

The screenshot shows the 'Internet Connection Wizard' dialog box with the 'Your Name' step selected. The title bar reads 'Internet Connection Wizard'. Below the title bar, the text says 'Your Name' and 'When you send e-mail, your name will appear in the From field of the outgoing message. Type your name as you would like it to appear.' There is an icon of a hand holding a key. There is one input field: 'Display name:' with 'Juan Perez' entered. Below the input field, it says 'For example: John Smith'. At the bottom are three buttons: '< Back', 'Next >', and 'Cancel'.

3. Entre su dirección de email y presione "Next". El formato es username@prw.net donde username es el código de usuario que seleccionó en la solicitud. Note que debe usar minúsculas.

The screenshot shows the 'Internet Connection Wizard' dialog box with the 'Internet E-mail Address' step selected. The title bar reads 'Internet Connection Wizard'. Below the title bar, the text says 'Internet E-mail Address' and 'Your e-mail address is the address other people use to send e-mail messages to you.' There is an icon of a hand holding a key. There is one input field: 'E-mail address:' with 'jperez@prw.net' entered. Below the input field, it says 'For example: someone@microsoft.com'. At the bottom are three buttons: '< Back', 'Next >', and 'Cancel'.

4. Entre los nombres de servidores de email indicados abajo y presione "Next". Si interesa usar IMAP, entre imap.prw.net como servidor "Incoming" de email. Note que debe usar minúsculas.

Incoming: pop.prw.net  
Outgoing: smtp.prw.net

The screenshot shows the 'E-mail Server Names' step of the Internet Connection Wizard. It features a dropdown menu for 'My incoming mail server is a' set to 'POP3'. Below it are two text input fields: 'Incoming mail (POP3, IMAP or HTTP) server:' containing 'pop.prw.net' and 'Outgoing mail (SMTP) server:' containing 'smtp.prw.net'. At the bottom are buttons for '< Back', 'Next >', and 'Cancel'.

5. Entre el código de usuario y contraseña que seleccionó en la solicitud y presione "Next". Note que debe usar minúsculas.

The screenshot shows the 'Internet Mail Logon' step. It prompts the user to 'Type the account name and password your Internet service provider has given you.' There are two text input fields: 'Account name:' with 'jperez' and 'Password:' with masked characters. A checked checkbox labeled 'Remember password' is present. Below is a section for 'Secure Password Authentication (SPA)' with an unchecked checkbox 'Log on using Secure Password Authentication (SPA)'. At the bottom are buttons for '< Back', 'Next >', and 'Cancel'.

6. Seleccione "Finish" para completar la configuración y luego "Close" para salir de la pantalla "Internet Accounts".

Usted está listo para conectarse a la Internet. Si tiene cualquier problema favor de anotar cualquier mensaje de error y llame a nuestro departamento de asistencia técnica al 787-641-9800 o 1 866-641-0800

The screenshot shows the 'Congratulations' step. It displays the message: 'You have successfully entered all of the information required to set up your account. To save these settings, click Finish.' At the bottom are buttons for '< Back', 'Finish', and 'Cancel'.
